

**TABLE OF CONTENTS**

**\*ABSTRACT..... i**

**\*SUMMARY .....iii**

**\*TABLE OF CONTENTS ..... xxiii**

**SECTION 1 – INTRODUCTION**

1.1 Report Authority .....1-5

1.2 Study and Project Area .....1-7

1.3 Purpose and Scope .....1-8

1.4 Prior Studies, Reports, and Projects .....1-10

    1.4.1 Relationship to other USACE/Non-Federal Sponsor Efforts,  
            Studies, Documents, and Reports .....1-15

    1.4.2 Programmatic Regulations Guidance Memorandum .....1-17

    1.4.3 Relevant Documents and Reports .....1-18

1.5 CERP Master Implementation Sequencing Plan .....1-19

    1.5.1 The State of Florida’s Acceler8 Plan .....1-19

1.6 Land Acquisition Activities.....1-20

**\*SECTION 2 – EXISTING CONDITIONS/AFFECTED ENVIRONMENT**

2.1 Physical Landscape: Geology, Topography, and Soils .....2-1

2.2 Climate .....2-2

    2.2.1 Sea Level Rise .....2-2

2.3 Hydrology .....2-3

2.4 Water Management .....2-7

2.5 Water Resources.....2-8

    2.5.1 Water Supply .....2-8

    2.5.2 Water Usage.....2-10

    2.5.3 Agricultural Water Use .....2-12

    2.5.4 Flooding.....2-12

2.6 Water Quality.....2-13

    2.6.1 Project Area Conditions .....2-14

2.7 Vegetative Communities.....2-18

    2.7.1 C-11 Sub-Area .....2-19

    2.7.2 C-9 Sub-Area .....2-21

    2.7.3 WCA 3A/3B Seepage Management Sub-Area.....2-23

    2.7.4 WCA 3 Sub-Area .....2-25

    2.7.5 Existing Mitigation Areas .....2-26

2.8 Fish and Wildlife Resources .....2-31

    2.8.1 Fish.....2-32

    2.8.2 Invertebrates.....2-32

    2.8.3 Amphibians and Reptiles.....2-32

2.8.4 Birds..... 2-33

2.8.5 Federal and State-Listed Species ..... 2-33

2.9 Essential Fish Habitat ..... 2-43

2.10 Land Use..... 2-46

2.11 Recreational Resources ..... 2-51

2.12 Aesthetics..... 2-52

2.13 Socio-Economic Conditions ..... 2-53

    2.13.1 Economy..... 2-56

2.14 Hazardous, Toxic, and Radioactive Waste (HTRW) ..... 2-60

2.15 Cultural Resources ..... 2-63

2.16 Air Quality ..... 2-63

2.17 Noise..... 2-63

**\*SECTION 3 – FUTURE WITHOUT PROJECT CONDITION**

3.1 Physical Landscape: Geology, Topography, and Soils ..... 3-1

3.2 Climate..... 3-1

3.3 Hydrology..... 3-3

3.4 Water Management..... 3-3

    3.4.1 Western C-11 Basin Critical Project ..... 3-4

    3.4.2 Long-Term Plan..... 3-4

    3.4.3 Modified Water Deliveries to Everglades National Park ..... 3-5

3.5 Water Resources ..... 3-6

    3.5.1 Water Supply..... 3-7

    3.5.2 Flood Damage Reduction ..... 3-7

3.6 Water Quality ..... 3-8

3.7 Vegetative Communities..... 3-10

    3.7.1 C-11 and C-9 Sub-Areas..... 3-10

    3.7.2 WCA 3A/3B Seepage Management Sub-Area ..... 3-10

    3.7.3 WCA 3 Sub-Area ..... 3-11

3.8 Fish and Wildlife Resources..... 3-11

3.9 Land Use..... 3-12

3.10 Recreational Resources ..... 3-13

3.11 Aesthetics..... 3-14

3.12 Socio-Economic Conditions ..... 3-15

3.13 Hazardous, Toxic, and Radioactive Waste (HTRW) ..... 3-16

3.14 Cultural Resources ..... 3-16

3.15 Air Quality ..... 3-17

3.16 Noise..... 3-17

3.17 Summary of Existing vs. Future Without Conditions ..... 3-17

**SECTION 4 – IDENTIFICATION OF PROBLEMS AND OPPORTUNITIES**

4.1 Scoping the Problems and Opportunities..... 4-1

4.2 Problem and Opportunity Statements ..... 4-2

4.3 Planning Objectives and Constraints ..... 4-2

4.4	Evaluation Criteria and Evaluation Methods .....	4-4
4.4.1	Evaluation Criteria .....	4-4
4.4.2	Evaluation Methods and Models .....	4-6
<b>*SECTION 5 – FORMULATION AND EVALUATION OF ALTERNATIVE PLANS</b>		
5.1	Prior Formulation .....	5-1
5.2	Plan Formulation Rationale .....	5-3
5.3	Plan Formulation .....	5-4
5.3.1	Management Measures.....	5-4
5.3.2	Project Siting Analysis.....	5-7
5.3.3	Initial Array of Alternatives/Options.....	5-8
5.3.4	Screening of Initial Array of Alternatives .....	5-12
5.3.5	Evaluation of Initial Array of Alternatives.....	5-15
5.4	Presentation and Evaluation of Final Array of Alternative Plans	5-20
5.4.1	Description of Final Array of Alternative Plans.....	5-20
5.4.2	Cost-Effectiveness/Incremental Cost Analyses for Final Array of Alternatives .....	5-30
5.4.3	Significance of Ecosystem Outputs .....	5-42
5.5	Summary of Economic, Environmental and Other Social Effects	5-43
5.5.1	Regional Economic Impacts.....	5-43
5.5.2	Overall Impacts: Output (Sales), Jobs, and Earnings.....	5-43
5.5.3	Other Social Effects .....	5-44
5.6	Selected Alternative Plan Selection Process.....	5-46
5.6.1	Integration of Objectives and Performance Measures .....	5-48
5.6.2	Other Criteria Considered for Plan Selection.....	5-48
5.6.3	Stakeholder/Team Involvement .....	5-48
5.6.4	Risk and Uncertainty Analysis .....	5-48
5.6.5	Identification of the Selected Alternative Plan .....	5-53
<b>*SECTION 6 – ENVIRONMENTAL EFFECTS</b>		
6.1	Summary of Affected Resources .....	6-1
6.1.1	Physical Landscape: Geology, Topography, and Soils.....	6-9
6.1.2	Climate .....	6-9
6.1.3	Hydrology .....	6-10
6.1.4	Water Management .....	6-13
6.1.5	Water Resources .....	6-21
6.1.6	Water Quality.....	6-28
6.1.7	Vegetative Communities .....	6-29
6.1.8	Fish and Wildlife Resources .....	6-33
6.1.9	Essential Fish Habitat.....	6-40
6.1.10	Land Use .....	6-41
6.1.11	Aesthetics .....	6-42
6.1.12	Recreational Resources.....	6-43

6.1.13 Socio-Economic Impacts ..... 6-44

6.1.14 Hazardous, Toxic, and Radioactive Waste (HTRW) ..... 6-48

6.1.15 Cultural Resources ..... 6-49

6.1.16 Air Quality ..... 6-50

6.1.17 Noise ..... 6-51

6.2 Wetland Mitigation Areas Established Under Regulatory Permits 6-51

6.2.1 Impact of the Alternative Plans on Existing Mitigation Sites 6-52

6.2.2 Compensatory Mitigation to offset Impacts to Existing Mitigation Sites as Described in the Draft PIR/EIS..... 6-56

6.2.3 Proposed Compensatory Mitigation to offset Impacts to Existing Mitigation Sites..... 6-57

6.3 Cumulative Impacts ..... 6-58

6.4 Irreversible and Irrecoverable Commitments of Resources ..... 6-59

6.5 Unavoidable Adverse Environmental Effects ..... 6-59

6.5.1 Land Use..... 6-59

6.5.2 Wetlands ..... 6-59

6.5.3 Water Quality ..... 6-60

6.5.4 Air Quality ..... 6-60

6.5.5 Soils..... 6-60

6.5.6 Wildlife..... 6-60

6.5.7 Threatened and Endangered Species ..... 6-60

6.5.8 Recreation ..... 6-60

6.6 Relationship Between Short-Term Use and Long-Term Productivity ..... 6-60

6.7 Compatibility with Federal, State and Local Objectives ..... 6-61

6.8 Uncertain, Unique or Unknown Risks ..... 6-61

6.9 Environmental Justice ..... 6-61

**\*SECTION 7 – THE SELECTED PLAN**

7.1 Description of Plan Components..... 7-1

7.1.1 C-11 Impoundment and C-9 Impoundment ..... 7-1

7.1.2 Water Conservation Area 3A/3B Seepage Management Area . 7-7

7.1.3 Mitigation Measures ..... 7-21

7.1.4 Recreational Resources ..... 7-28

7.2 Design and Construction Considerations ..... 7-32

7.2.1 Engineering and Design..... 7-32

7.2.2 Construction and Implementation of the Plan ..... 7-32

7.3 LERRD (Lands, Easements, Rights-of-Way, Relocations, and Disposals) Considerations ..... 7-32

7.3.1 Real Estate Requirements ..... 7-33

7.3.2 Land Acquisition ..... 7-33

7.3.3 Relocation Assistance..... 7-34

7.4 Operations and Maintenance Considerations..... 7-34

7.5 Monitoring Plan and Adaptive Management..... 7-35

7.6	Cost Estimate .....	7-36
7.6.1	Implementation Costs.....	7-36
7.6.2	Operation, Maintenance, Repair, Rehabilitation, and Replacement (OMRR&R) Cost .....	7-39
7.6.3	Monitoring and Adaptive Management Costs .....	7-39
7.7	Plan Accomplishments.....	7-40
7.7.1	Relationship of Other Projects in CERP to BCWPA .....	7-41
7.7.2	Project Justification: Next-Added Increment .....	7-47
7.8	Contribution to Achievement of Interim Goals and Targets.....	7-49
7.8.1	Progress toward Interim Goals .....	7-50
7.8.2	Progress toward Interim Targets .....	7-52

## **SECTION 8 – PLAN IMPLEMENTATION**

8.1	Division of Implementation Responsibilities .....	8-1
8.1.1	Schedule .....	8-1
8.1.2	Preconstruction Engineering and Design .....	8-1
8.1.3	Implementation of Project Operations .....	8-2
8.2	Cost Sharing.....	8-2
8.2.1	Cost Sharing of Construction and Land Costs for Restoration Features .....	8-2
8.2.2	Cost Sharing of Monitoring .....	8-3
8.2.3	Cost Sharing of Operations and Maintenance.....	8-3
8.3	Project Design .....	8-3
8.3.1	Application of the Design Criteria Memorandums for Hazard Potential Classifications of Impoundments.....	8-3
8.4	Project Operations.....	8-5
8.4.1	Existing Operations .....	8-5
8.4.2	Interim Operations .....	8-5
8.4.3	Future Operations .....	8-9
8.5	Project Assurances .....	8-13
8.5.1	Level of Service for Flood Protection.....	8-13
8.5.2	Effects on Water Supply for Existing Legal Sources.....	8-17
8.5.3	Identification of Beneficial Water Made Available for the Natural System and Water for Other Water-Related Needs.....	8-18
8.5.4	State and Federal Assurances.....	8-18
8.6	Project Monitoring and Assessment Activities .....	8-20
8.7	Compliance with Environmental Laws, Statutes, and Executive Orders .....	8-21
8.7.1	Compliance with Florida Statutes .....	8-26
8.7.2	Compliance with Applicable Water Quality Standards and Permitting Requirements.....	8-27
8.8	Environmental Commitments .....	8-29
8.8.1	Views of the Non-Federal Sponsor .....	8-31

**\*SECTION 9 – SUMMARY OF COORDINATION, PUBLIC VIEWS AND COMMENTS**

9.1 Public Outreach and Public Involvement..... 9-1  
9.1.1 Public Involvement Program ..... 9-1  
9.1.2 Scoping for the Broward County WPA Project ..... 9-1  
9.2 Other Required Coordination ..... 9-1  
9.2.1 U.S. Fish and Wildlife Service (USFWS) ..... 9-1  
9.2.2 National Marine Fisheries Service (NMFS)..... 9-2  
9.2.3 Florida Fish and Wildlife Conservation Commission (FWC) ... 9-2  
9.2.4 Florida State Historic Preservation Officer (SHPO) ..... 9-2  
9.2.5 CERP Partnerships and Cooperating Agencies ..... 9-3  
9.2.6 Coordination with Existing Utilities and Public Infrastructure  
[F.S. 373.1501(5)(e)] ..... 9-3  
9.3 Environmental Justice ..... 9-5  
9.4 Review of the Draft BCWPA PIR/EIS ..... 9-5  
9.4.1 List of Agencies, Organizations and Persons to Whom Copies  
of the PIR/EIS are Sent ..... 9-6  
9.4.2 Comments Received and Responses ..... 9-8

**SECTION 10 – DISTRICT ENGINEER’S RECOMMENDATION**

**\*SECTION 11 – LIST OF REPORT PREPARERS**

**\*SECTION 12 –INDEX**

**\*SECTION 13 – GLOSSARY OF TERMS**

**SECTION 14 – ACRONYMS**

**\*SECTION 15 – REFERENCES**

**ANNEXES**

- A FWCA AND ENDANGERED SPECIES ACT COMPLIANCE**
- B NEPA INFORMATION**
- C ANALYSES REQUIRED BY WRDA 2000 AND STATE LAW**
- D DRAFT PROJECT OPERATING MANUAL AND MONITORING PLANS**
- E RECOVER REPORTS**

**APPENDICES**

- A ENGINEERING DESIGN**
- B COST ESTIMATES**
- C ENVIRONMENTAL INFORMATION**
- D REAL ESTATE PLAN**
- E AGENCY AND PUBLIC COORDINATION**
- F ECONOMIC AND SOCIAL CONSIDERATIONS**
- G RECREATION**

\* Elements marked with an asterisk (\*) are required for NEPA compliance according to Council on Environmental Quality (CEQ) Regulations.

**LIST OF TABLES**

Table 2-1: Estimated Total Water Use, Selected Counties, 2000 (Excluding Mining and Power Generation, MGD).....2-11

Table 2-2: Land Use Within BCWPA Study Area.....2-19

Table 2-3: Federal and State Listed Species .....2-33

Table 2-4: Wood Stork Foraging Habitat within the BCWPA Project Area 2-37

Table 2-5: Existing Land Use within 3A/3B SMA, C-9 and C-11.....2-47

Table 2-6: Existing C-11 West Basin Land Use.....2-51

Table 2-7: Population Statistics for Nine County Region.....2-55

Table 2-8: Population Statistics for C-11 and C-9 Drainage Basin.....2-55

Table 2-9: Nine County Population Breakdown by Race.....2-56

Table 2-10: Consolidated City Population by Race .....2-56

Table 2-11: County Employment as a Percentage of State Employment ....2-57

Table 2-12: Employment Breakdown of Three Major Counties .....2-57

Table 2-13: Per Capita Income, Median Income, and Household Size .....2-58

Table 2-14: CCD Employment Sector Breakdown .....2-58

Table 2-15: Income Statistics for Davie and Miramar.....2-59

Table 2-16: Poverty Levels .....2-59

Table 2-17: Poverty Levels of Davie and Miramar .....2-59

Table 3-1: Historic Rate of Sea Level Rise at NOAA Stations in Florida.....3-2

Table 3-2: Normalized Sea Level Projections for 2025, 2050 and 2100, Compared with 1990 Levels.....3-2

Table 3-3: Probability Distribution of Sea Level Rise for Miami Beach for Years 2025, 2050, 2075, and 2100.....3-3

Table 3-4: Future Land Use in Broward County .....3-13

Table 3-5: South Florida (Region 11) Estimated Demand and Need for Outdoor Recreation Resources and Facilities, 2005 & 2010 .....3-14

Table 3-6: County Population Estimates 2000-2030 (1,000) .....3-16

Table 3-7: Existing vs Future Without Conditions in the Study Area.....3-17

Table 4-1: Relationship of Goals and Objectives ..... 4-3

Table 4-2: Performance Measures and Evaluation Criteria ..... 4-7

Table 5-1: Screening of Management Measures..... 5-7

Table 5-2: Preliminary Alternatives ..... 5-11

Table 5-3: Options Screening ..... 5-13

Table 5-4: Remaining Initial Array of Alternatives ..... 5-14

Table 5-5: Percent Reduction in Benefits Between AX & FX ..... 5-16

Table 5-6: Net HU Output of Initial Array of Alternatives ..... 5-17

Table 5-7: Cost of Initial Array of Alternatives ..... 5-17

Table 5-8: HUs and Costs Expressed in Average Annual Units ..... 5-18

Table 5-9: Cost Effectiveness of Alternative Plans ..... 5-19

Table 5-10: Final Array of Alternative Plans ..... 5-21

Table 5-11: Incremental Cost Analysis of Cost Effective Plans..... 5-30

Table 5-12: Incremental Cost Analysis..... 5-31

Table 5-13: Project Goals and Objectives..... 5-34

Table 5-14: P&G Evaluation Criteria ..... 5-36

Table 5-15: Everglades Interim Goal Indicators ..... 5-37

Table 5-16: Interim Target Indicators ..... 5-38

Table 5-17: Summary of Final Array of Alternatives Plans’ Contributions  
Toward Interim Goals and Interim Target Indicators..... 5-39

Table 5-18: Overall Regional Economic Impacts..... 5-43

Table 5-19: Construction Impacts vs. Actual Demographic Figures ..... 5-44

Table 5-20: Key Plan Selection Criteria of Final Array Of ALternatives ... 5-47

Table 6-1: Comparison of Alternative’s Effects for Final Array of Alternatives6-3

Table 6-2: Suggested Manatee Barrier Requirements and Locations for the  
BCWPA Project..... 6-38

Table 6-3: Overall Regional Economic Impacts ..... 6-45

Table 6-4: Regional and State Totals..... 6-46

Table 6-5: UMAM FCI for Existing DA Permitted Mitigation Sites ..... 6-56

Table 6-6: UMAM Analysis and Functional Loss (FL) for Existing DA Permitted  
Mitigation Sites with Implementation of the Alternatives..... 6-56

Table 7-1: Quick Structure Fact Sheet ..... 7-19

Table 7-2: Summary of UMAM Evaluation for Impacts ..... 7-24

Table 7-3: Cost Summary By Recreation Features ..... 7-30

Table 7-4: Summary of Recreation Costs and Benefits..... 7-31

Table 7-5: Project Costs for the Selected Plan..... 7-37

Table 7-6: Comparison of Restudy, Project First Cost and Fully Funded Estimate  
for Each BCWPA Feature ..... 7-39

Table 7-7: CERP Projects Dependent on BCWPA..... 7-43

Table 7-8: Everglades Interim Goal Indicators ..... 7-50

Table 7-9: Project Effects on Everglades Interim Goals and Indicators ..... 7-51

Table 7-10: Project Effects on Interim Targets Indicators..... 7-52

Table 8-1: Total first Cost Apportionment for the BCWPA Project..... 8-2

## LIST OF FIGURES

Figure 1-1: CERP Study Regions: Broward County Water Preserve Areas Study Region Location .....	1-4
Figure 1-2: Project Area Map.....	1-8
